

HELI RIG

ZINEX A5

Compact, Versatile, and Powerful

Geotech features a collection of Zinex A5 drills in our track/skid fleet, which are capable of completing deep hole drilling (up to 1,400 meters NQ) while remaining extremely portable. The Zinex A5's robust design can be used in the most remote environments with reliability and durability to complete drilling in the most challenging conditions.

Depth Capabilities:

PQ: 500 m (1,640')
HQ: 850 m (2,800')
NQ: 1,325 m (4,350')
BQ: 1,700 m (5,600')

Rig Features:

- Stroke: 1.83 m (6')
- Heaviest component - 1680 lbs
- Main hoist winch
- Synchronized Rod in/Rod out function
- PQ foot clamp
- No plastic components on drill
- Power: 176 hp
- Levelwind wireline winch
- Boyles B20 chuck system
- 435 DTH bean pump
- Bolt together drill shack designed solely for A5
